It's no secret that the backbone of any company is its employees, and benefits programs are a key way for employers to attract and retain a quality workforce. However, there are a variety of challenges facing employee benefits professionals today. With rising healthcare costs, a myriad of compliance issues, and the Obama administration's priority in reforming healthcare and benefits legislation, benefits program administration can be both time-consuming and complex.

Please join us for **Benefits 101**, an introductory-level seminar focusing on essential employee benefits issues to help keep you informed and in compliance in an ever-changing benefits landscape.

AREAS OF DISCUSSION

- The basics of Employee Benefits
- President Obama's Healthcare Reform
- The state of healthcare today
- Administering welfare plans
- Benefits compliance issues
